TWO PHOTOGRAPHERS AT EVERY EVENT

Jennifer feels two shooters are essential! Two shooters allow for documentation of both parties getting ready, even in two different locations. Plus different angles for the ceremony, and the unique ability to provide night portraits- fun and dramatic mini sessions after sunset which require a lighting assistant.

"I cannot say enough about how easy and comfortable Jennifer and her crew made our wedding! Her shots came out absolutely stunning and she was open to suggestions as well! The most valuable trait of using her company however was the immediate and friendly ease of contact. I highly recommend using Jennifer Juniper Photography for any occasion!"

"Jennifer is amazing! Kind and professional. But the best part is her eye and creativeness. It's not just pointing a camera, she captures the "it" in pictures, the OMG pictures, and "WOW that's the one!" type of pictures. She is the elite of the elite!!"
